

GOVERNMENT OF ARUNACHAL PRADESH

DEPARTMENT OF FISHERIES

**OFFICE OF THE DISTRICT FISHERIES
DEVELOPMENT OFFICER,
LOWER SUBANSIRI DISTRICT: ZIRO**

ANNUAL REPORT : 2015-16

INTRODUCTION:-

The role of the fisheries in the livelihood of the people of Lower Subansiri District in particular and the people of Arunachal Pradesh as a whole is very important. Fish is a protein rich food which supplements the cereal diets. It is estimated that 100% of the total population of Arunachal Pradesh are Non-vegetarian. Consumption of fish, meat and pork is relatively high in the state. The people of the state prefer fresh fish rather than fish preserved in ice which imported from outside the state like Assam, Andhra Pradesh and West Bengal. The quality of imported fish rather low due to long distance of transportation which is unhygienic. The fish consuming population in Lower Subansiri District is estimated to 1.0 lakhs.

The annual requirement of the fish in Lower Subansiri District is to the tone of 2000 tones, while the fish production during the year 2015-16 was about 363.2 tones. A wide gap thus remains between actual production and estimated demand, necessitating the import of fish from neighboring states. The demand is also partially met through consumption of dry fish brought from outside the state which are un-hygienically dried and unfit for human consumption.

With ever increasing demand of fish and high market value, the peoples of the area are coming forward and taking keen interest to undertake Pisci-Culture in scientific way for suitable development.

Considering this, the Department of Fisheries have implemented the following scheme during the year 2015-16 to assist the farmers for development of Inland Fisheries Aqua-culture.

1. **PADDY-CUM-FISH-CULTURE.**
 - a. Under this programme fish seeds and subsidy for development of paddy plot are provided to the beneficiaries.
2. **SUPPLY OF FISH SEEDS TO PROGRESSIVE FISH FARMERS.**
 - a. Fish seeds are supplied to the farmers for encouraging fish production to their pond.
3. **REJUVENATION OF OLD FISH PONDS.**
 - a. Under this programme the farmers are assisted for Rejuvenation of old fish ponds.
4. **DEVELOPMENT OF INLAND FISHERIES (CONSTRUCTION OF NEW FISH POND) UNDER FFDA SCHEME.**
 - a. Under this programme the farmers are assisted for construction of new fish pond.

District Fisheries Dev. Officer,
Lower Subansiri District, Ziro.
